

## Project report

### INTRODUCTION:

Graphic design canva is the project and the invitation creation as well as designing

#### 1.1 overview

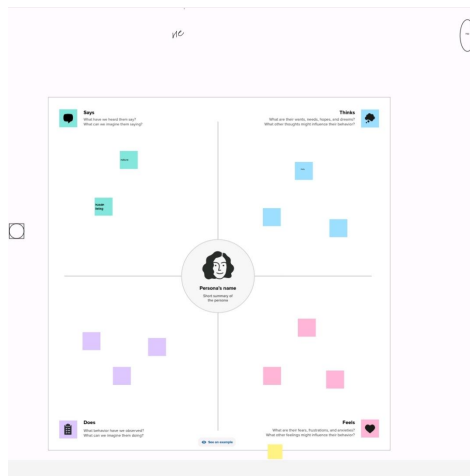

My title is personalized invitation using canva .Invitation may I select a house warming invitation

#### 1.2 purpose

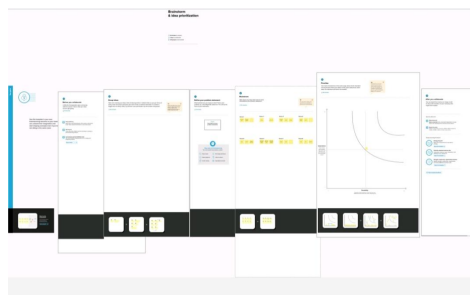

The major purpose is create invitation in the house warming party

### 2. Problem definition and invitation creating

#### 2.1 EMPATHY MAP:

#### 2.2 BRAINSTORM AND IDEA PRIORITIZATION:

### RESULT:

Empathy map and brainstorming are very complicate but I finished with the help of mural app and result is maybe good

#### ADVANTAGES AND DISADVANTAGES:

Mural and canva learn new things is a advantage the work it make many templates available in canva .But the same time many of the templates paid.

Network connection is slow this is the disadvantage to me

#### CONCLUSION :

The graphic designing canva is a designing app and its helpful to use job opportunity and then how to create post ,invitation ,logo creation

I really enjoy and I learn how to create designing program
